

Your Voice

“ Developing comprehensive submissions to the Federal and State Governments on a range of issues affecting our industry.”

Childcare Queensland

CQ FACT SHEET

Presenting our Needs to Government

Childcare Queensland is playing a major role in communicating with the Federal and State Governments on the needs of the long day child care sector.

Our strategy has been designed in collaboration with a political lobbying consultancy to ensure we present a coherent, effective and politically achievable proposal.

As a result we have:

- Raised the profile of Childcare Queensland amongst Queensland politicians so that we can more actively speak on your behalf and be the first organisation the politicians, their advisers and the media contact for comment on the child care sector.
- Developed comprehensive submissions to the Federal and State Governments on a range of issues including the consideration of child care funding in the Federal Budget.
- Input into all Government reviews impacting on the child care sector.
- Secured the Federal Minister for Families, Community Services and Indigenous Affairs, the Hon. Mal Brough, to speak at our annual conference.
- Instigated meetings with relevant politicians ranging from the Prime Minister to the relevant Members of Parliament and Senators with a say on the future policies affecting long day child care centres.

What does this mean to member centres?

- A greater say in what is being decided at the Federal and State Government level.

How can you contribute?

- If member centres have issues that they would like to be considered for this on-going political debate to improve the services we can offer to the community please contact the Childcare Queensland office.

This is general information provided to Childcare Queensland members, we recommend that you seek professional advice concerning your individual circumstances.
